

Wednesday 8 May

## **2024 Level 3 Professor Bunsen Incursion Wednesday 29 May**

Dear Parents & Carers,

To enhance our Inquiry science unit 'Hot and Cold' an incursion is planned for Level 3 on Wednesday 29 May. This engaging incursion links to the Level 3 Science curriculum outcomes. Students will learn that heat is a form of energy created by the motion of molecules.

They will investigate and discuss what happens when matter gets heated including its effects on colour changes, melting, deformation or expansion and combustion. Students will discuss sources of heat (friction, electricity, chemical and the sun) and learn about the heat absorbing properties of water.

**The cost of this incursion is \$17.60.**

By providing permission for this event, you are agreeing to all details outlined in this letter.

### **Permission & payment via Sentral**

Please provide permission and payment through the Sentral App or Portal by **Wednesday 22 May.**

Yours sincerely,

*Rebecca Wroe, Zoe Callanan and Jared Merdith.*  
*Level 3 Team*
